GILBERT T. SADSAD, CESO III
Regional Director
Department of Education - Region V
Rawis, Legazpi City

Sir:

On behalf of the **Bicol University Students' Organization for Meteorology (BU STORM)**, I am honored to submit this request for the endorsement of our initiative, "**METaglsan: Dunong Panahon**", a quiz bee competition designed to enhance high school students' understanding of meteorology and disaster preparedness.

As one of the most typhoon-prone countries in the world, the Philippines faces frequent extreme weather events that demand an informed and proactive citizenry. It is crucial for our youth to have the knowledge and skills to understand weather patterns, recognize the impacts of climate change, and effectively respond to weather-related disasters. Through this high school quiz bee, we aim to cultivate a generation that is not only prepared to face these challenges but is also inspired to pursue careers in meteorology and environmental science.

The event is scheduled for **March 22, 2025**, at the **BUCS Building 1 Function Hall, Bicol University, Legazpi City**. We are inviting high school students from various schools across the Bicol Region to participate in this educational competition.

In line with this, we respectfully seek your endorsement to encourage participation from secondary schools across the region. Your support will greatly contribute to the event's success by allowing us to reach a broader network of students and educators who would benefit from this initiative.

Please find attached the detailed project proposal for your reference. We would be honored to have your support and endorsement for this event. Should you need any further information or clarification, please do not hesitate to contact me at:

Email: jmfp2022-7396-67813@bicol-u.edu.ph
Contact Number: 09302151395

Thank you for considering this important initiative. We look forward to your positive response and hope for your kind support in making this project a success.

Very truly yours,

JAN MCKNERE F. PAVIA
President, BU STORM
