Dear SDS Ferro:

The Department of Information and Communications Technology (DICT) is mandated by law to provide appropriate technologies to assist in streamlining the delivery of services to the public, pursuant to the DICT's functions as outlined in Sec. 6(f) and Sec. 6(g) of Republic Act No. 10844, also known as the Department of Information and Communications Technology Act of 2015.

In line with this, we would like to formally request the conduct of a **Philippine National Public Key Infrastructure (PNPKI) Orientation** for **30 representative staff/employees** on **December 16, 2024, from 9:00 AM to 3:00 PM**. The primary purpose of PNPKI is to ensure the secure electronic transfer of information for various network activities. As one of DICT's core services, it fosters trust in the government by enabling secure and reliable online transactions, thereby enhancing operational efficiency and effectiveness.

The objectives of the orientation session include:

- Highlighting PNPKI's importance in fostering trust and efficiency in digital interactions.
- Providing a comprehensive understanding of the Philippine National Public Key Infrastructure (PNPKI) system.
- Equipping participants with the knowledge and skills necessary to effectively utilize PNPKI for secure electronic communications and transactions.
- Addressing any concerns to ensure readiness for PNPKI integration.

We would also like to request a suitable venue in your office to conduct the orientation. The venue should comfortably accommodate 30 participants and provide the necessary facilities to ensure the success of the event.

For confirmation or inquiries, please feel free to contact Mr. Mark Andrew Erisare, Planning Assistant I, at mark.erisare@dict.gov.ph or via mobile at 0951 720 6871.

We highly appreciate your continued support and participation in DICT programs and projects. Thank you very much!
