Concerned Secondary Teachers  
All Others Concerned

1. Tata Consultancy Services, Inc. (TCS) in partnership with Department of Education, Region V and through the Curriculum Implementation Division of this SDO will conduct **"Go IT: Go Innovate Together, Preparing the Future of Technology (A Training on Design Thinking) on March 11-13, 2026** at Catanduanes NHS Auditorium, Constantino, Virac Catanduanes. Registration will start at **7:30 AM**.
2. This is a student engagement program, which envisions strengthening communities today by empowering their digital innovators of tomorrow. The program aims to spark curiosity and demystify what computer science and information technology are; meet industry experts; provide a safe space to learn design thinking; and build 21<sup>st</sup> century skills.
3. The participants in the said training are the selected students and teachers of Grade 9 to 12 of different secondary schools. Enclosed in this memorandum are the list of participants and the letter request from the training provider reflecting the training matrix of the activity.
4. The **three-day live-out training is free**. Meals will be provided and will include AM and PM snacks and one lunch per day. Training materials and certificate of participation/recognition will be provided by the organizer. Also stated in their letter, shirts, medals, trophies, and other materials will be given to the participating students. Each of the participating schools is expected to bring at least 1 laptop and pocket wifi during the duration of the training.

Department of Education – Catanduanes

Dear SDS Abayon,

Cited as one of the world’s most innovative and valuable IT services companies, Tata Consultancy Services, Inc. (TCS) is a multinational IT service, consulting, and business solutions company employing more than 600,000 associates representing 130 nationalities in 47 countries with headquarters in Mumbai, India.

The company has been actively involved in various corporate social responsibility (CSR) initiatives in education and beginning this year, we aim to further our efforts by developing high impact programs that address educational challenges and help create employment using our competencies.

In this regard, TCS is implementing a Corporate Social Responsibility program called “goIT” see: [Go Innovate Together – Preparing the future of tech \(tcs.com\)](#), a student engagement program, which envisions strengthening communities today by empowering their digital innovators of tomorrow. The program aims to spark curiosity and demystify what computer science and information technology are; meet industry experts; provide a safe space to learn design thinking; and build 21st-century skills.

For the past two years, TCS in partnership with Department of Education Region VI and Cordillera Administrative Region, has reached more than 3000 students across the divisions and discovered creative and innovative ideas from the student participants.

Last April 2025, we signed an Memorandum of Understanding with the Department of Education in Region V to conduct the goIT Program in all the divisions in this school year. Attached is the MoU signed by Regional Director Gilbert Sadsad and TCS Country Head Shiju Varghese.

As discussed during our Training of Trainor, we are proposing to implement this program to your division this March 11-13, 2026. Schedule will be the following:

| Day | Time               | Activity                                       |
