Dear *Ma'am Abayon*;

Greetings!

This letter references the Make Catanduanes Healthy Again (MaCHA) profiling initiative. Out of the 23 schools scheduled for profiling, we have successfully completed the profiling of 12 schools in the municipalities of Virac and San Andres. However, our initial data report indicates that many questions regarding family background in the MaCHA survey were left unanswered. To ensure that we gathered accurate and comprehensive information for effective planning and program development, we kindly request your assistance in informing all concerned school heads to ensure that the family background information for students who participated in the MaCHA survey is completed.

Attached to this letter, you will find hard copies of the consolidation report highlighting incomplete entries in yellow. Should there be any clarification regarding this matter, please do not hesitate to contact Dr. Aida A. Torres at telephone number 0981-027-3689.

Thank you very much for your usual support and kind consideration.

Very truly yours,

ACE WILLIAM R. TRIA
